ABOUT THE BOOKS

RED SKY AT NIGHT

By Elly MacKay

Red sky at night, sailor's delight. And, the next morning, when the dew is on the grass, no rain will come to pass. These are the perfect conditions for a grandfather to take his grandchildren out on a fishing trip. Especially since, as the saying goes, when the wind is from the West, then the fishes bite the best. The family takes a boat out on the lake, fishing and swimming and eventually camping out on a nearby island, taking full advantage of the gorgeous weather. But the next day . . . red sky in the morning, sailors take warning! The family ventures back home just in time to avoid a rainstorm. But not to worry — the more rain, the more rest. Fair weather's not always best.

Acclaimed paper artist Elly MacKay illustrates a lovely family narrative through the use of weather aphorisms, creating a beautiful and informational story which will appeal to children's timeless fascination with the natural world.

THE FOG

By Kyo Maclear,
illustrated by Kenard Pak

Warble is a small yellow warbler who lives on the beautiful island of Icyland, where he pursues his hobby of human watching. But on a warm day, a deep fog rolls in and obscures his view. The rest of the birds don't seem to notice the fog or the other changes Warble observes on the island. The more the fog is ignored, the more it spreads. When a Red-hooded Spectacled Female (Juvenile) appears, Warble discovers that he's not the only one who notices the fog. Will they be able to find others who can see it too? And is the fog here to stay? Kyo Maclear's witty story, brought to life with the delicate, misty artwork of Kenard Pak, is a poignant yet humorous reminder of the importance of environmental awareness.

One evening he comes across a rare specimen in his old botany book — the golden glow, a plant from the Wellhidden family, found only in the mountains . . . a plant that has yet to be described. Fascinated, Fox decides to set off on a quest in search of the mysterious Golden Glow. He packs his knapsack, a map, a compass, a flashlight, a sleeping bag and other items for his hike. Along the way Fox observes many different kinds of trees and plants. He also encounters woodland friends who help him make it to the summit of the mountain. But when Fox eventually stumbles upon the object of his quest, he makes a surprising decision.

ABOUT THE AUTHORS/ILLUSTRATORS

ELLY MACKAY is an acclaimed paper artist and children's book author and illustrator. KYO MACLEAR is a Blue-Hooded Word Gatherer whose sweet-whistled song has been known to attract and repel her offspring. In spring and summer, this chocolate-loving female can be found flitting about city parks and waterways. In the colder months, she is best spotted in bookshops, libraries and cafés. Common activities include restless foraging and picture-book making. Originally a migratory species, Kyo enjoys her current nesting ground of Toronto.

KENARD PAK is a Black-Coiffed Noodler whose magical scratchings consistently beguile human species far and wide. Formerly found pecking away in animation companies, he is now most often observed diving into picture books. Ken can be spotted primarily in foggy San Francisco with his nesting mate and three feline companions.

BENJAMIN FLOWW was born in 1986 in northern France. He grew up not far from Avignon surrounded by pine trees, vineyards and the cicadas' songs. After studying animation, he lived in London then moved to Paris where he decided to focus on illustration. *The Golden Glow* is his first book.
